

## Testimonials

"They came and talked to people and listened rather than present an agenda. They responded to our thoughts and desires!"

**Susan Page, CEO**

Pratt Regional Medical Center

"They have been here for us. There has been very close collaboration with HFG, and their architects have been on site a significant amount of time."

**Gayle Arnett, CEO**

Susan B. Allen Memorial Hospital

"I feel they have done a very good job, and have worked hard to meet our very high expectations. I see them producing big time results."

**William Mahoney, CEO**

Labette Health

"They listened to us. They listened to what we felt we needed. They didn't go out and build what looks like every hospital in the state."

**Deanna Pittman, Administrator**

Wilson Medical Center

"Health Facilities Group met with each department director so as to meet their needs. The firm took a 60-year-old hospital and transformed it into a modern, more user-friendly, beautiful building."

**Nancy Zimmerman, Administrator**

Comanche County Hospital

"I honestly could not imagine it looking any better. The entire facility is a real piece of art."

**Darin Farrell, CEO**

Arbuckle Memorial Hospital
